

February 2021

Dear Ulm Families,

Hard to believe we are already into our first month of the new school year. Ulm Schools have brought back the Ski Days for second grade through eighth grade. Our first day was with the fourth through eighth graders and it was "AWESOME". Thanks to Miss Periman for making these ski days happen.

We will be doing MAPs testing February 2- 5th. Studies show that students who eat proper, stay active and get lots of rest outperform students who do not. If you can help ensure that happens we will take care of the rest. I am looking forward to seeing how our students perform.

Have a great month.

Kindness is a gift everyone can afford to give!

Russ McDaniel
