

Bluehawk Reading & Math Intervention

Amplify mClass and Envision benchmarks, IXL and MAPS will be used as indicators for reading and math intervention.

INTERVENTION READING & MATH GROUPS

Groups are formed using assessments, classroom observations, and previous year's data. These groups are flexible, fluid and found: [FY 24/25 Grade Level Data](#)

Teachers:

- Follow Amplify and Envision curriculum assessments as scheduled per grade level lessons.
- Monitor the progress of all students. Those who begin to fall behind shall be identified and referred to the Test Coordinator for bimonthly progress monitoring.
- Conduct monthly IXL progress monitoring and record data into [FY 24/25 Grade Level Data](#) Color Code Red and Green; Green is used to code students at or above grade level; Red is used to code students below grade level.
- Administer MAP testing (Fall, Winter, Spring) and assess and record data into [FY 24/25 Grade Level Data](#) Color Code Red, Green and Yellow; Green is used to code students in the 60th percentile and above. Yellow is used to code students in the 50th-59th percentile. Red is used to code students below the 50th percentile.

Test Coordinator:

- Conduct and record benchmark assessments, Beginning, Middle and End of Year (in line with MAP testing) through Amplify mClass for all students.
- Progress monitor through Amplify mClass assessments for those students who have been identified by classroom teachers.
- Provide progress monitoring feedback to grade level teachers so that a suitable plan of support may be implemented for students.
- Coordinate with classroom teachers on data and testing.

Team:

- The first staff meeting of the month will be dedicated to discussion and evaluation of students and data.
